

Rhododendron 'Hachmann's Feuerschein'

Rhododendron 'Hachmann's Feuerschein'

Type	Large blooming hybrid
Flowering colour	red
Flowering time	mid May - mid June
Height	up to 250 cm
Speed of growth	strong growth
Colour of the leaves	dark green
Foliage quality	evergreen
Winter hardiness zone	6a
Growth-form	broad and straight upright

A wide, somewhat squashed rhododendron with large, glossy dark green foliage. The cultivar has large flower buds and deep red flowers. No macula, but distinctive white stamens which contrast well with the colour of the flowers. Flowers quite late in the season.
